

Gerard Batten Elected Unopposed as UKIP Leader

I am pleased to announce that as of 5pm on Saturday 14 April, our interim leader Gerard Batten MEP has been elected unopposed as the new Party Leader.

I would like to thank all those who have been involved in this election, in particular Piers Wauchope, the returning officer, and the staff at Lexdrum House for all the work that has gone on behind the scenes.

On behalf of Gerard, I would like to thank all those who have given such tremendous support to him and the team that he has assembled around him over the past few weeks.

He is currently working hard at building up the membership base, attending public meetings around the country and doing his utmost to raise the profile of the party.

We are back on track!

Tony McIntyre

UKIP Party Chairman
